**CITY OF TUSCALOOSA MINOR PUBLIC WORKS (LESS THAN \$50,000)**

**NOTICE FOR BIDS – UNDER \$50,000**

Sealed bids will be received by the City of Tuscaloosa Purchasing Department and must be received not later than **2:00 PM on August 24, 2017**. Bids may be mailed to the City Of Tuscaloosa, Purchasing Department, P.O. Box 2089, Tuscaloosa, Alabama 35403. Bids may be delivered to the City of Tuscaloosa Purchasing Department, 2201 University Boulevard, Tuscaloosa, Alabama 35401. **Bids received after the date and time specified will not be considered. Bidders must identify on the outside envelope the project name.**

Award of the contract will be made within forty-five (45) calendar days from the date of the receipt of bids.

**1. The Project:**

A. The Project shall be known as Jerry Plott Water Treatment Plant Neutralization Tank Replacement Project and the general character of said public works project shall consist of the following:

Specifications include, but are not limited to Installation of one (1) 5000 gallon VST HDLPE 1.9sp.gr, 102" tall x 154" diameter Snyder industrial storage tank designed per ASTM D 1998-06 standards or equivalent for pH neutralization. The design of the wall thickness shall result in a hoop stress of 600 PSI or less. The tank shall be ultrasonically tested to ensure tank wall thickness meets the minimum requirement. The tank shall be tested to insure proper cure. The Contractor shall remove the existing tank to be replaced. The replacement tank will be similar to the existing tanks in size, dimension, nozzle/opening sizes and layout, safety features, access features, and location. Electrical work to power and control tank level transducer/transmitter sets shall also be performed. \*See attachments I 2, 3, and 4.

B. The approximate quantities of said Project are as follows:

(1) SII 5000 gallon VST, HDLPE, 1.9 sp.gr., 102" dia X 154", (1) 24" Manway, (1) 6" PVC u-vent (2) PVC Bulkhead fittings, 4" with Viton gasket, (3) PVC Bulkhead fittings, 2" with Viton gasket (5) PVC double flange fitting 2" with viton gasket and hastelloy encapsulated bolts (2) PVC double flange fitting 6" with viton gasket and hastelloy encapsulated bolts, (1)- Hole cut for mixer.

C. Special instructions are as follows: The interested party may request a site visit.

D. The City will furnish the following: Access to the premises.

E. Time of Construction: From the date stated in the Notice to Proceed, the Project time of construction is 90 consecutive calendar days.

## **2. Qualification of Bidders:**

- A. All bidders must be responsible, meeting the criteria and requirements set forth in the Instructions to Bidders and bid proposal.
- B. The attention of all bidders is called to the provisions of State law governing "general Contractors," as set forth in Ala. Code §34-8-1, et seq. (1975), and rules and regulations promulgated pursuant thereto.
- C. The City may not enter into a contract with a non-resident corporation or entity which is not qualified under State law to do business in the State of Alabama.
- D. All bidders shall possess all other licenses and/or permits required by applicable law, rule or regulation for the performance of the work.
- E. All bidders must submit with their proposal, Contractor's license number and a copy of the license.
- F. The City reserves the right to reject all bids and/or reject and rebid the Project should it determine the same is in the best interest of the City.

Bidders attention is called to the supplemental conditions attached to the General Conditions of the Contract Documents regarding this topic.

**3. Pre-Bid Conference:** A Pre-Bid Conference is required for this Project. Attendance at the Pre-Bid Conference is mandatory in order to submit a bid for this Project. Pre-Bid Conference will be held at the Jerry Plott Water Treatment Plant, 2101 New Watermelon Road, Tuscaloosa, AL 35406, on the 17th day of August, 2017, at 11:00 a.m., CST.

**4. Contact Person, Plans and Specifications:** Plans and specifications and all related Contract Documents are open for public inspection and may be obtained from the office of Infrastructure and Public Services, located at 2201 University Blvd., Tuscaloosa, Alabama. The contact person for the project is Stephen Daly. They can be reached at sdaly@tuscaloosa.com and (205) 248-5630.
