CITY OF TUSCALOOSA ADVERTISEMENT FOR BIDS

Project Name:_	Terminal and ARFF Apror	<u> Reconstruction at the Tuscaloosa National Airport</u>	
File Number:	A22-0691	Engineering Project Number: 2022.021.001	

Sealed Bid Proposals will be received by the City of Tuscaloosa, at the Council Chamber of City Hall, 2201 University Boulevard, on <u>August 2nd</u>, 2022 at 10:00 a.m. local time for this project, at which time bids will be opened and read.

Pre-Bid Conference: Attendance at the MANDATORY Pre-Bid Conference is required in order for a General Contractor to submit a bid on this Project. The Pre-Bid Conference will be held at the Council Chamber of City Hall, 2201 University Boulevard, on <u>July 21, 2022 at 10:00 a.m.</u> local time.

Project Scope: The project will accomplish the reconstruction of the airport's 600' x 300' terminal apron pavement and connecting Taxiways A2 and G, along with an adjacent apron pavement area serving the airport's aircraft rescue and firefighting (ARFF) facility. In all, approximately 28,000 square yards of existing pavement will be reconstructed and another nearly 2,700 square yards resurfaced, along with associated pavement edge lighting and pavement markings, including approximately 4,080 cubic yards of cement concrete pavement (CCP) material, nearly 8,500 tons of asphalt mix pavement (AMP) materials, and approximately 600 tons of cement to be utilized for subgrade and base stabilization. If funding permits, an alternative bid schedule will include an expansion of the terminal apron for an additional 3,590 square yards of new pavement, including approximately 700 additional cubic yards of CCP materials and 1,180 additional tons of AMP materials.

Plans and Specifications: Plans and specifications and all related Contract Documents are open for public inspection at the office of Infrastructure and Public Services Administration, located at 2201 University Blvd., Tuscaloosa, Alabama and plans, specifications and other elements of the contract documents may be obtained from the office of the Engineer <u>ATKINS</u>

North America, Inc., designated as the office of the awarding authority for this purpose, located at <u>404 BNA Drive, Ste 600, Nashville, TN 37206.</u> The contact person for the project is <u>Darren Duckworth, P.E.</u> They can be reached at <u>615-308-4408 or darren.duckworth@atkinsglobal.com</u>.
