(b) All information required by the Bid form shall be furnished. The bidder shall print or type his name and manually sign the schedule and each continuation sheet on which any entry is made.

(d) Proposed delivery time must be shown and shall include Sundays and holidays.

(g) Bidders shall make all investigations necessary to thoroughly inform themselves regarding plant and facilities for delivery of material and equipment as required by the bid conditions. No plea of ignorance by the bidder of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the bidder to make the necessary examinations and investigations, or failure to fulfill in every detail the requirements of the contract documents, will be accepted as a basis for varying the requirements of the City or the compensation to the vendor.
(h) Bidders are advised that all City Contracts are subject to all legal requirements provided for in the Purchasing ordinance and/or State and Federal Statutes.

2. DESCRIPTION OF SUPPLIES
(a) Any manufacturer's names, trade names, brand name, or catalog numbers used in specifications are for the purpose of describing and establishing general quality levels. SUCH REFERENCES ARE NOT INTENDED TO BE RESTRICTIVE. Bids will be considered for any brand which meets the quality of the specifications listed for any items.
(b) Bidders are required to state exactly what they intend to furnish, otherwise they shall be required to furnish the items as specified.

(b) Bids must be submitted on the forms furnished. Telegraphic bids will not be considered.

4. REJECTION OF BIDS
(a) The City may reject a bid if:
1. The bidder misstates or conceals any material fact in the bid, or if,
2. The bid does not strictly conform to the law or requirement of bid, or if,
3. The bid is conditional, except that the bidder may qualify his bid for acceptance by the City on an "all or none" basis, or a "low item" basis. An "all or none" basis bid must include all items upon which bids are invited.

SPECIAL CONDITIONS

The General Conditions of Invitations to Bid and any Special Conditions stated shall be considered as part of the specifications of the bid.

Reference to brand names and numbers is descriptive, but not restrictive, unless otherwise specified. Bids on equivalent items meeting the standards of quality thereby indicated will be considered, providing the bid clearly describes the article offered and indicates how it differs from the referenced brands. Descriptive literature and manufacturer’s specifications plus any supplemental information necessary for comparison purposes must be submitted with the bid or the bid on that item will be rejected. Reference to literature submitted with a previous bid or on file with the Division of Purchasing will not satisfy this requirement. The burden is on the bidder to demonstrate that the item bid is equivalent to the item specified in the ITB. Any exceptions taken to any item(s) must be fully explained in written detail on bidders’ letterhead and attached to the bid when submitted.

Awards shall be made or contracts entered into with the lowest responsible bidder(s) meeting all specifications and terms and conditions established by the Division of Purchasing. The Division of Purchasing reserves the right to determine the lowest responsible bidder on the basis of an individual item or group of items. Delivery dates may be a factor in awards.

The issuance of a City of Tuscaloosa Purchase Order or Purchasing Card is required to constitute a contract between the vendor and the City of Tuscaloosa, which shall bind the vendor to furnish and deliver the commodities and/or services ordered at the prices, terms, and conditions quoted.

Questions concerning the bid process should be directed to David Coggins at (205) 248-5186 or dcoggins@tuscaloosa.com (e-mail is preferred). Questions concerning Specifications should be directed to Brad Matthews at (205) 248-5380 or bmatthews@tuscaloosa.com.

Notes:
1. For bid item no.'s 1 - 18, the Manufacturer shall reference the signal layout sheets found as reference sheets in the plans. There are several signal poles with the same mast arm lengths; however, the orientation and location may vary per intersection.
2. For bid item no.'s 19, 20, and 25, the Manufacturer shall pay close attention to the orientation and location required for each pole. The position of the luminaire is critical to provide proper lighting levels and avoid overhead utility conflicts.
3. For bid item no.'s 34 - 37, the Manufacturer shall note that there are several pole types. The location of all are noted on the electrical reference drawings. The Manufacturer shall fully review the reference plans to make sure they understand the luminaire assembly requirements for each pole.
4. All decorative metal poles for this project have specific banner arm, electrical outlet, luminaire arm, signal mast arm, etc. locations. The Manufacturer shall review this closely on a per pole and per intersection basis.
5. For bid item no.'s 28 - 37, the Manufacturer shall note that each sign has a block number. This is a new requirement by the City of Tuscaloosa. All signs must have the correct street, block information based on its location.
