

Environmental

Wetlands & Other Water Features

These identified environmental features are currently protected under:

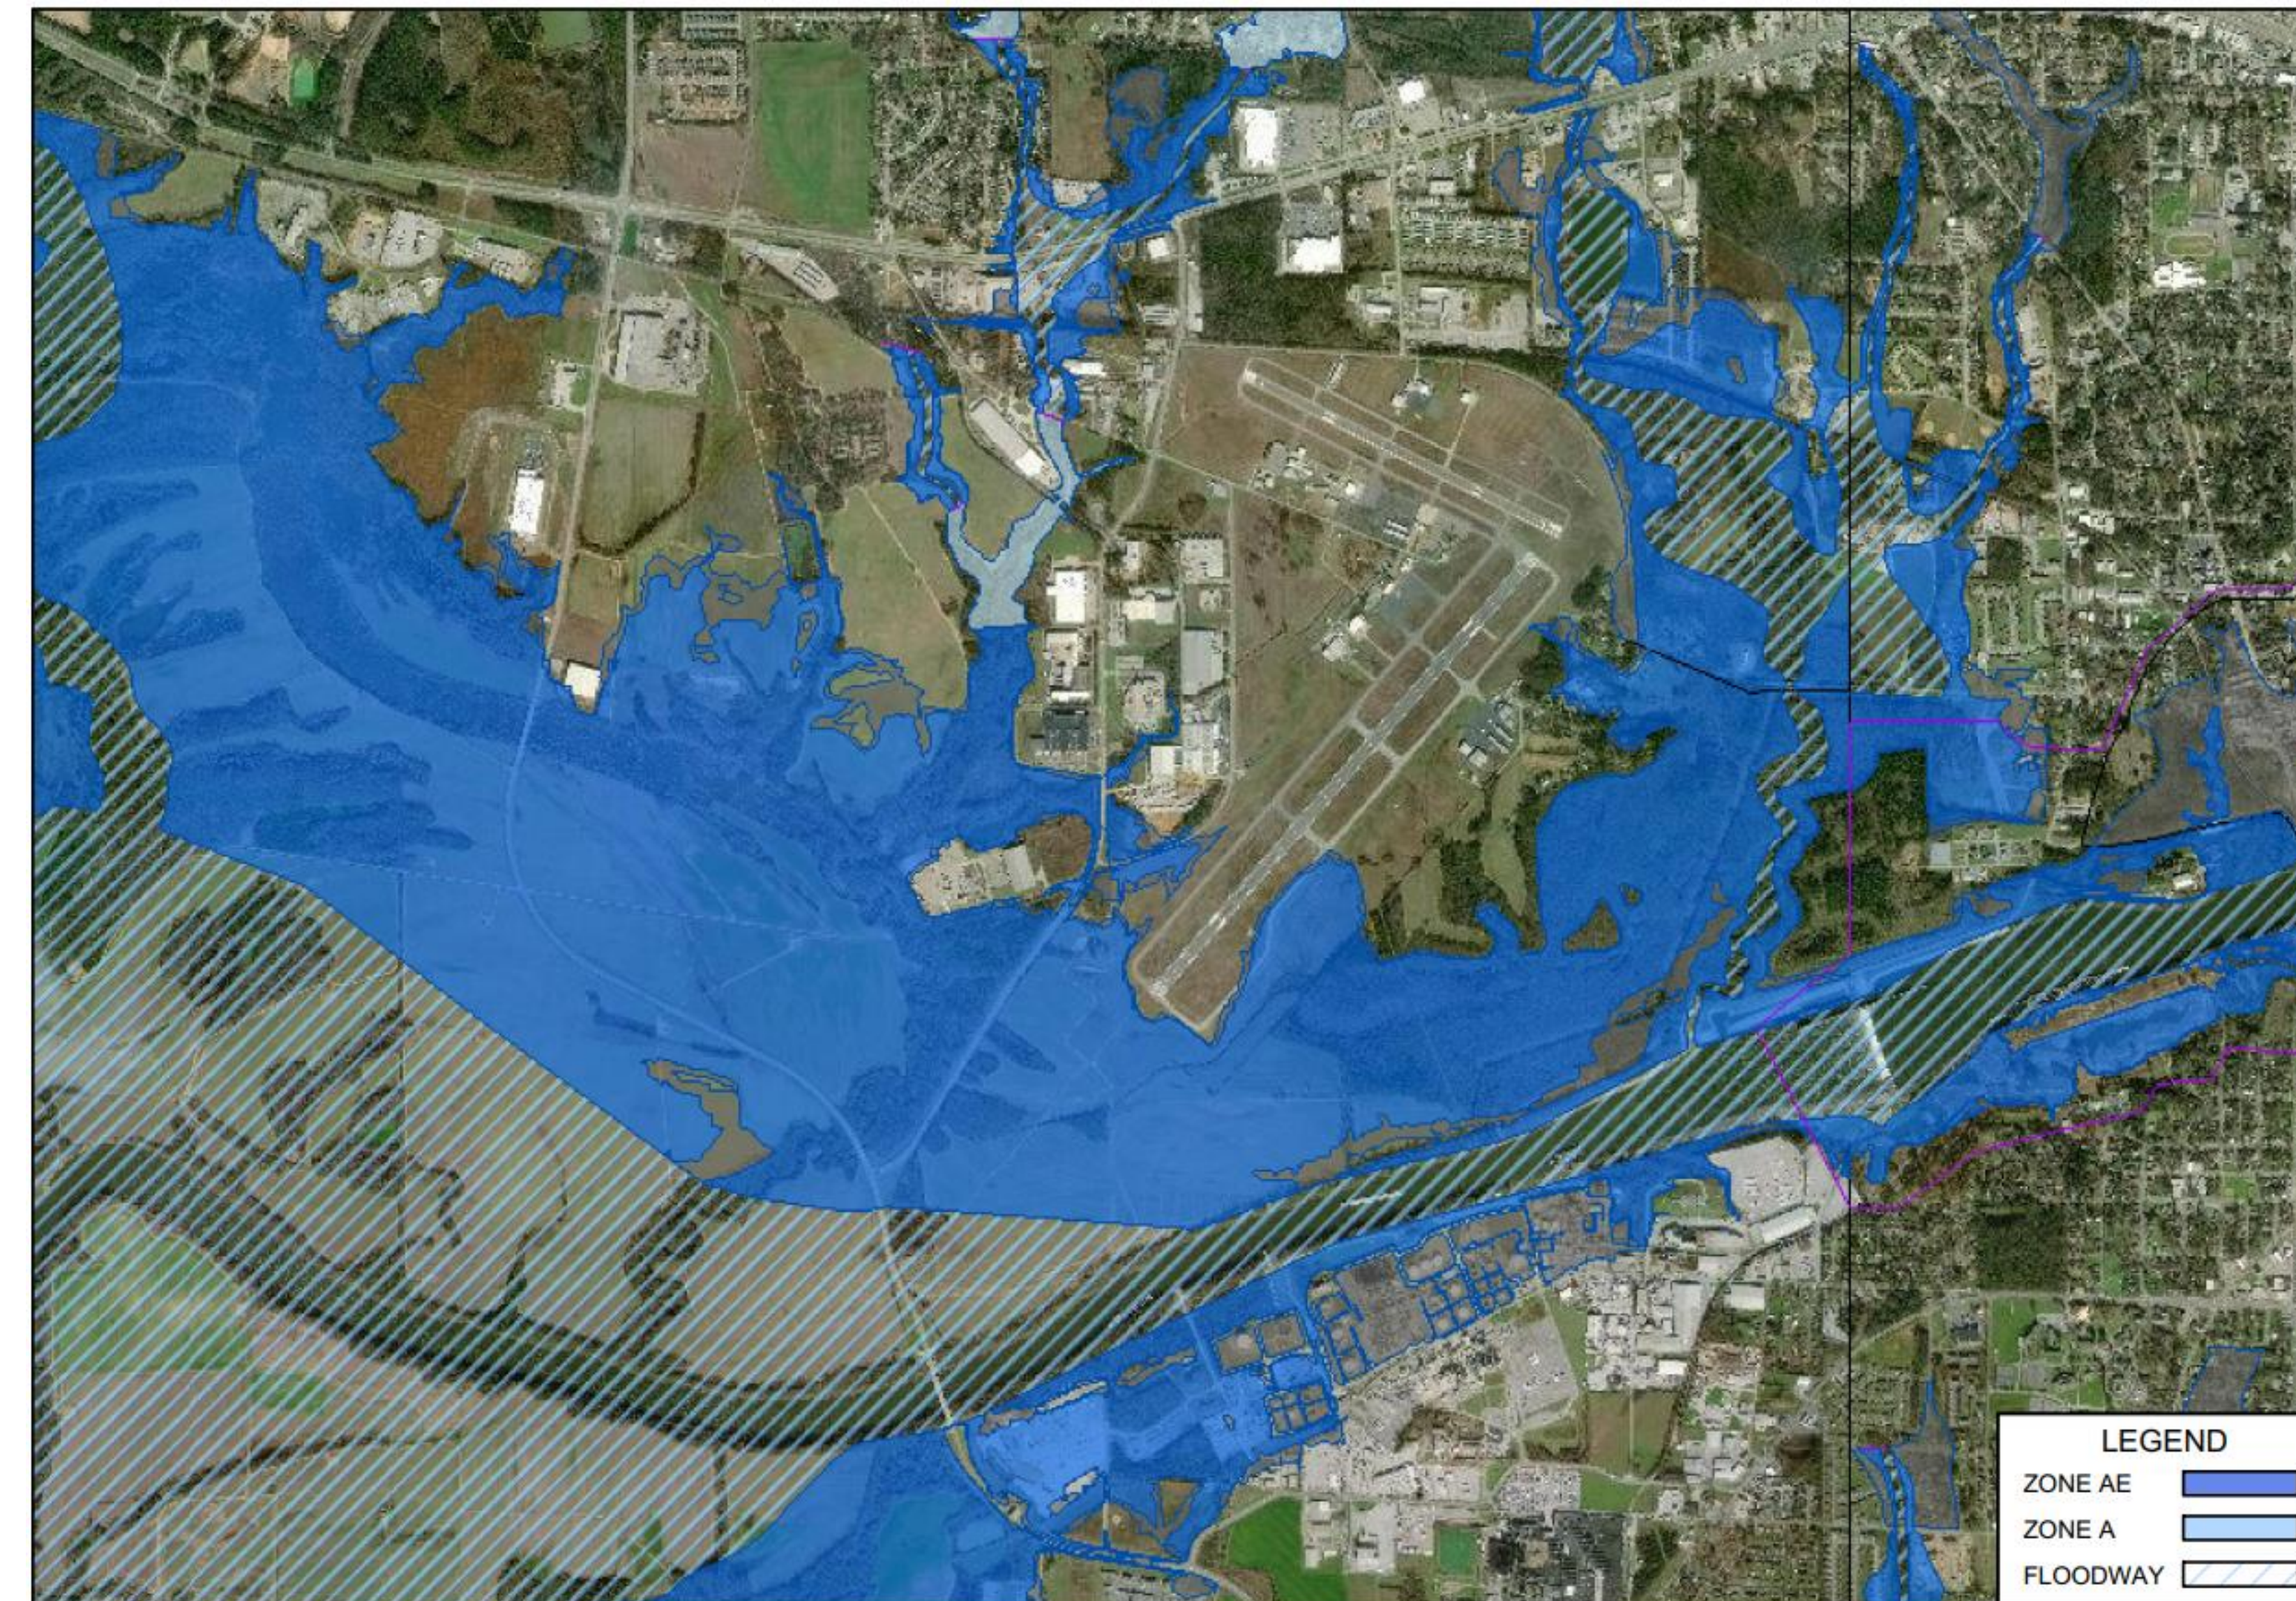

Clean Water Act of 1972 (§ 404)

40CFR1.100-149: EPA Water Program Regulations

44CFR1.9: Management of Floodplains and Protection of Wetlands

Executive Order 11990: Wetland Protection

Executive Order 11988: Floodplain Management

Floodplains

Zone A — Areas with 1% annual chance of inundation (100-year flood), otherwise known as the Base Flood

Zone AE — Areas with 1% annual chance of inundation (100-year flood) where hydraulic modeling indicates an estimated flood elevation, or Base Flood Elevation (BFE)

Regulatory Floodway — Channel of a river or watercourse that must be reserved to discharge the Base Flood
