NON-ENDOWED FUND

When you want to support charitable endeavors.

The Community Foundation of Northeast Alabama can be a great help in establishing a non-endowed fund for your organization. Community Foundations are 501 (c)(3) public charities that exist to manage funds for the benefit of specific charitable purposes. The Community Foundation of Northeast Alabama serves 9 counties and manages over 200 funds. We focus on three key areas: effective donor philanthropy, impactful grantmaking and collaborative community partnerships. Our mission is to achieve positive change through the generosity of donors, now and for generations to come.

The Foundation welcomes the opportunity to partner with area residents, civic organizations, not-for-profit agencies or other unincorporated entities or groups that desire to support defined charitable projects that better our community.

Centennial Memorial Park committee members established a fund with the Community Foundation which allows multiple donors to collectively support the maintenance, expansion or annual programs of the park located in Anniston, Alabama. The park is Alabama's official memorial park for Alabama's fallen soldiers, firefighters and police officers.
