After the designation by ordinance of a historic property or a historic district, no historic property may be demolished, no building or structure in a historic district may be erected or demolished and no material change in the exterior appearance of such historic property, or of a structure, site, object or work of art within such historic district shall be made or be permitted to be made by the owner or

occupant thereof, unless or until the application for a Certificate of Compliance (COC) has been submitted to and approved by the Building Inspector.

B. Approval of New Construction within Designated Districts:

The Building Inspector shall issue COCs to new structures constructed within designated historic districts if these structures conform in design, scale, building materials, setback and landscaping to the character of the district specified in the design criteria developed by the Building Inspector.

C. Approval of Signs within Designated Districts:

Signs shall be considered as structures and no sign on a historic property or in a historic district shall be changed, erected or demolished, unless and until a COC is approved by the Building Inspector.

D. Approval of Alterations or Demolitions of Public Property within Historic Districts or Public Property which has been designed as a Historic Property:

The painting of originally unpainted surfaces shall require a COC.

F. Interior Alterations:

In a review of applications for COC, the Building Inspector shall not consider interior arrangement or use having no effect on exterior architectural features.

G. Failure to Maintain a Historic Property:

Demolition by neglect and the failure to maintain a historic property or a structure in a historic district shall constitute a change for which a COC is necessary.

2. The Building Inspector shall deny a COC if the Building Inspector finds that the proposed material change(s) in appearance would have substantial adverse effects on the aesthetic, historic or architectural significance and value of the historic property or the historic district. The Building Inspector shall not grant COCs for demolition or relocation without reviewing at the same time the post-demolition or post-relocation plans for the site.

K. Public Meetings and Hearings on Applications for Certificates of Compliance:

L. Deadline for Approval or Rejection of Application for Certificate of Compliance:

Evidence of approval shall be by a COC issued by the Building Inspector. Notice of the issuance or denial of a COC shall be sent by United States mail to the applicant and all other persons who have requested such notice in writing filed with the Building Inspector.
2. Failure of the Building Inspector to act within said forty-five (45) days shall constitute approval, and no other evidence of approval shall be needed.

M. Necessary Actions to be taken by Building Inspector upon Rejection of Application for Certificate of Compliance:

1. In the event the Building Inspector rejects an application, the Building Inspector shall state the reasons for doing so, and shall transmit a record of such actions and reasons, in writing, to the applicant. The Building Inspector may suggest alternative courses of action that the Building Inspector thinks proper if the application submitted is not approved. The applicant, if he or she so desires, may make modifications to the plans and may resubmit the application at any time after doing so.
2. In cases where the application covers a material change in the appearance of a structure which would require the issuance of a building permit, the rejection of the application for a COC by the Building Inspector shall be binding upon the Building Inspector or other administrative officer charged with issuing building permits and, in such cases, no building permit shall be issued.

The Building Inspector may adopt expedited review procedures for approval of routine maintenance to historic properties or to buildings or structures in historic districts. Routine maintenance to historic properties includes ordinary maintenance or repair of any exterior architectural or environmental feature in or on a historic property to correct deterioration, decay or damage, or to sustain the existing form that does not involve a material change in design, material or outer appearance. Expedited review procedures shall waive the requirements for submission of an application for a Certificate of Compliance and for consideration at a public meeting.

B. Failure to Provide Ordinary Maintenance or Repair:

Property owners of historic properties or properties within historic districts shall not allow their buildings to deteriorate by failing to provide ordinary maintenance or repair. The Building Inspector shall be charged with the following responsibilities regarding deterioration by neglect:

1. The Building Inspector shall monitor the condition of historic properties and existing buildings in historic districts to determine if the properties or buildings are being allowed to deteriorate by neglect. Such conditions as broken windows, doors and openings which allow the elements and vermin to enter, the deterioration of exterior architectural features or the deterioration of a building's structural system shall constitute failure to provide ordinary maintenance or repair.
2. In the event the Building Inspector determines a failure to provide ordinary maintenance or repair, the Building Inspector will notify the owner of the property and set forth the steps that need to be taken to remedy the situation. The owner of such property will have ninety (90) days within which to initiate the maintenance or repair.
3. In the event that the condition is not met in ninety (90) days, the owner shall be punished as provided in Section 2506 of this ordinance, and at the direction of the City Council, the Building Inspector may determine cause for such maintenance or repair as is necessary to prevent deterioration by neglect to be performed by City staff or by contract. The owner of the property shall be liable for the cost of such maintenance and repair performed by the Building Inspector.

Section 2505: Building and Zoning Code Provisions

A. Affirmation of Existing Building and Zoning Codes:

Nothing in this ordinance shall be construed as to exempt property owners from complying with existing City building and zoning codes, nor to prevent any property owner from making any use of his property not prohibited by other statutes, ordinances or regulations.

Section 2506: Penalty Provisions

Any person violating any provision of this ordinance shall, upon conviction, be punished by a fine of not less than One Dollar (\$1.00), nor more than Five Hundred Dollars (\$500.00). In addition, thereto, any person so convicted may be imprisoned or sentenced to hard labor for the City for a period

not exceeding six (6) months, at the discretion of the court trying the case; provided, however, that no penalty shall consist of a fine or sentence of imprisonment exceeding the maximum established under State law for the Building Inspector of substantially similar offenses.

Section 2507: Severability

In the event that any section, subsection, sentence, clause or phrase of this ordinance shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, sentences, clauses or phrases of this ordinance, which shall remain in full force and effect, as if the section, subsection, sentence, clause or phrase so declared or adjudged invalid or unconstitutional were not originally a part thereof.

Section 2508. Repealer

All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

 - d. No work may commence or proceed without the payment of the permit fee and the issuance of the required permit and a building permit fee. The time period for the permit shall run from the date of the public hearing, not from the date of the issuance of the permit.

- c. During the permit term, if adequate progress is not being made according to the owner's proposed plan of work, then the Official shall:

- B. A filing under Section 7 A., above, shall hold in abeyance any action on the finding of the Official until determination thereon is made by the City Council.
- C. Upon holding the requested hearing, which hearing shall be held not less than five (5) nor more than thirty (30) days after the request for a hearing by the owner, or in the event no hearing is timely requested, the City Council, after the expiration of thirty (30) days from the date the notice is given, shall determine by resolution adopted by the City Council whether or not the building or structure is unsafe to the extent that it is a public nuisance.
- D. If it is determined by resolution of the City Council that the building or structure is unsafe to the extent that it is a public nuisance, the City Council shall, subject to the provisions of A. 2., above, regarding the owner's intent to demolish, order the building or structure be demolished. The demolition may be accomplished by the City by the use of its own forces, or it may provide by contract for the demolition. The City may sell or otherwise dispose of salvaged materials resulting from the demolition.
- E. Any person aggrieved by the decision of the City Council referred to paragraph C, above, may, within ten (10) days thereafter, appeal to the Circuit Court upon filing with the Circuit Clerk notice of the appeal and bond for security of costs in the form and amount to be approved by the Circuit Clerk. Upon filing of the notice of appeal and approval of the bond, the Circuit Clerk shall serve a copy of the notice of appeal on the City Clerk and the appeal shall be docketed in the Circuit Court, and shall be a preferred case therein. The City Clerk shall, upon receiving the notice, file with the Circuit Clerk a copy of the findings and determination of the City Council in its proceedings. Any trials shall be held without jury upon the determination of the City Council that the building or structure is unsafe to the extent that it is a public nuisance.

A copy of the report filed by the Official with the City Council shall be included in the said notice.
- B. At its next regular meeting after receiving the report, the City Council shall adopt a resolution fixing the costs which it finds were reasonably incurred in the enforcement of this ordinance and assessing the costs against the property. The proceeds of any moneys received from the sale of salvaged materials from the building or structure shall be used or applied against the cost of enforcement of this ordinance including any costs of demolition.
- C. Any person owning or having an interest in the property may be heard at the meeting as to any objection to the fixing of the costs or the amounts thereof.

- D. The fixing of the costs by the City Council shall constitute a special assessment against the lot or lots, parcel or parcels of land upon which the building or structure was located and thus made and confirmed shall constitute a lien on the property for the amount of the assessment. The lien shall be superior to all other liens on the property except liens for taxes, and shall continue in force until paid.
- E. The City Clerk shall give notice by first class mail of the adoption of the resolution fixing the costs of demolition to all persons owning or having an interest in the property whose address and interest is determined from the Talladega County Revenue Commissioner's records on the property or is otherwise known to the City Clerk. Payment of the amount of the costs of demolition shall be due within thirty (30) days from the date of the adoption of the resolution.
- F. Upon nonpayment of the amount of the costs of demolition, the City Clerk shall file a certified copy of the resolution in the office of the Judge of Probate of Talladega County and shall furnish a copy of the recorded resolution to the Talladega County Revenue Commissioner. Upon filing, the Talladega County Revenue Commissioner shall add the amount of the lien to the ad valorem tax bill on the property and shall collect the amount as if it were a tax and remit the amount to the City.
- G. The City may assess the costs authorized herein against any lot or lots, parcel or parcels of land purchased by the State of Alabama at any sale for the nonpayment of taxes, and where assessment is made against the lot or lots, parcel or parcels of land, a subsequent redemption thereof by any person authorized to redeem, or sale thereof by the State, shall not operate to discharge, or in any manner affect the lien of the City for the assessment, but any redemptioner or purchaser at any sale by the State of any lot or lots, parcels or parcels of land upon which an assessment has been levied, whether prior to or subsequent to a sale to the State for the nonpayment of taxes, shall take the same subject to the assessment. The assessment shall then be added to the tax bill of the property, collected as a tax, and remitted to the City.
