# EXECUTIVE SUMMARY

Upon graduation, students who received a credential from Wallace Community College Selma (WCCS) were asked to complete a survey. In the academic year 2022-2023, which included the Fall, Spring, and Summer semesters, 85 students responded to the survey. Of these students, 11 (12.94%) are expected to graduate in Fall 2022, 56 (65.88%) are expected to graduate in Spring 2023, and 18 (21.18%) are expected to graduate in Summer 2023. Among the respondents, 29.49% received a certificate, 50.00% received an Associate in Science, 15.38% received an Associate in Applied Science, and 5.13% received an Associate in Arts.

After graduation, 29.11% of students plan to transfer to a four-year college or university, 24.05% plan to pursue full-time employment and a higher degree simultaneously, and 32.91% plan to seek full-time employment only.

On average, students were highly satisfied with registration services (97%), the attitude of non-instructional staff (92%), and the College in general (95%). However, 32.43% of students were dissatisfied with lab/shop equipment and supplies.

Most respondents (87.34%) rated the quality of education at WCCS as good or excellent, and 74.68% would choose to attend WCCS again.

This report provides a narrative on various survey aspects and includes charts supporting the collected data.

As part of a survey, graduating students from WCCS were asked about their experiences and future plans. The survey covered the Fall 2022, Spring 2023, and Summer 2023 semesters. Students were asked to indicate their semester of graduation, their post-graduation plans, the academic credential they would receive, their overall impression of the quality of education at WCCS, and whether they would choose WCCS if they could start college over.

Chart 1 shows that most students, 65.88%, plan to graduate during the Spring 2023 semester. 21.18% of students plan to graduate during the Summer 2023 semester, while 12.94% plan to graduate during the Fall 2022 semester.

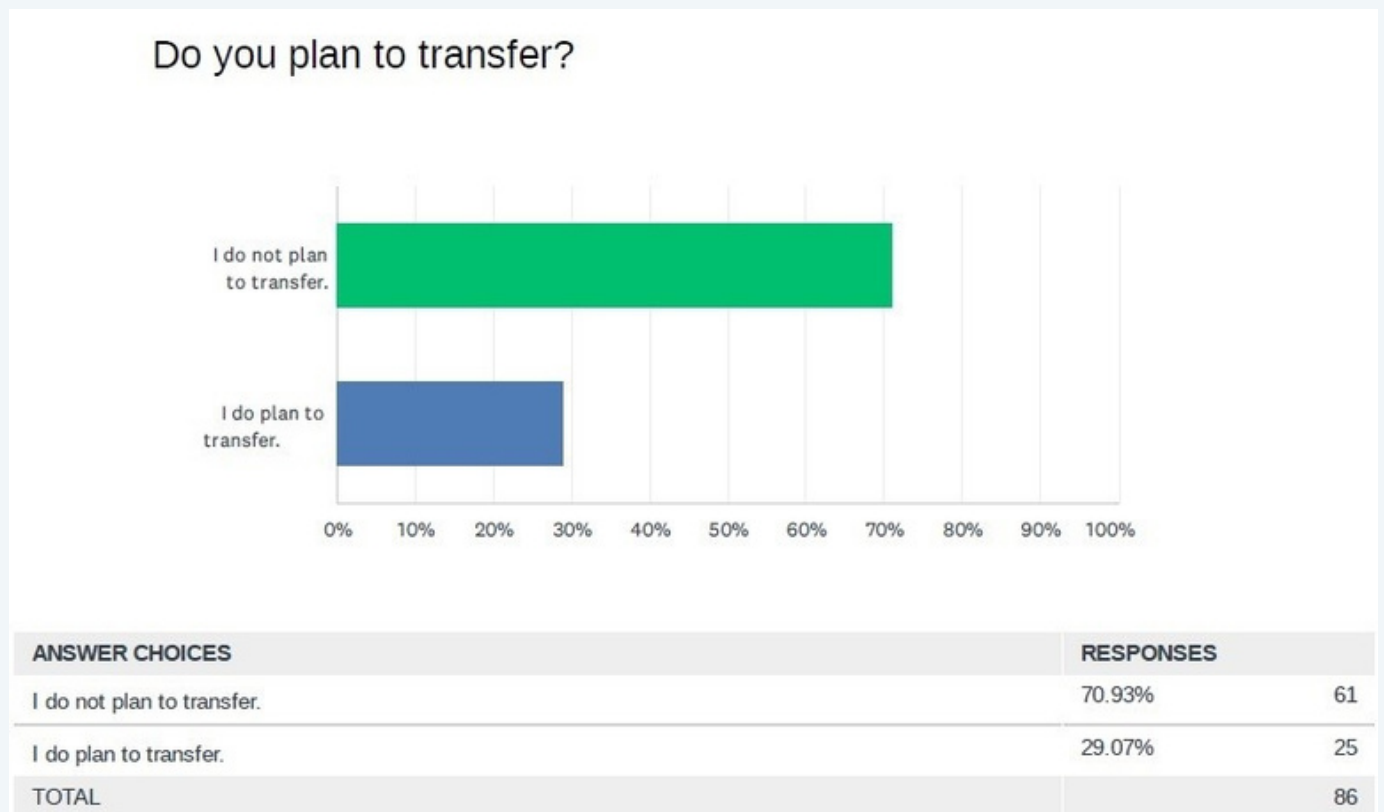

**Chart 1**

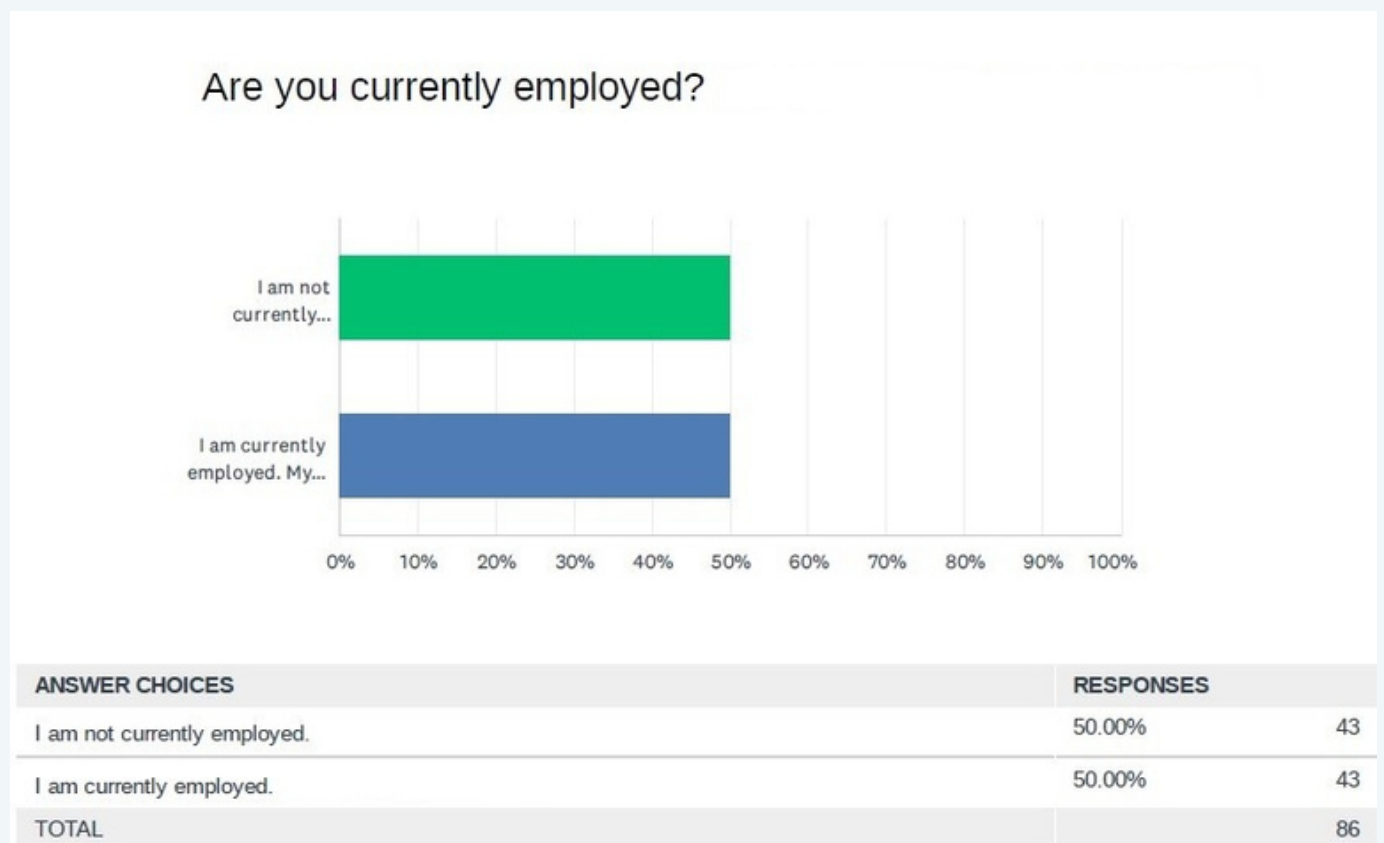

Out of the students who responded, 70.93% stated that they did not plan to transfer, while 29.07% indicated in Chart 2 that they did plan to transfer.

### Chart 2

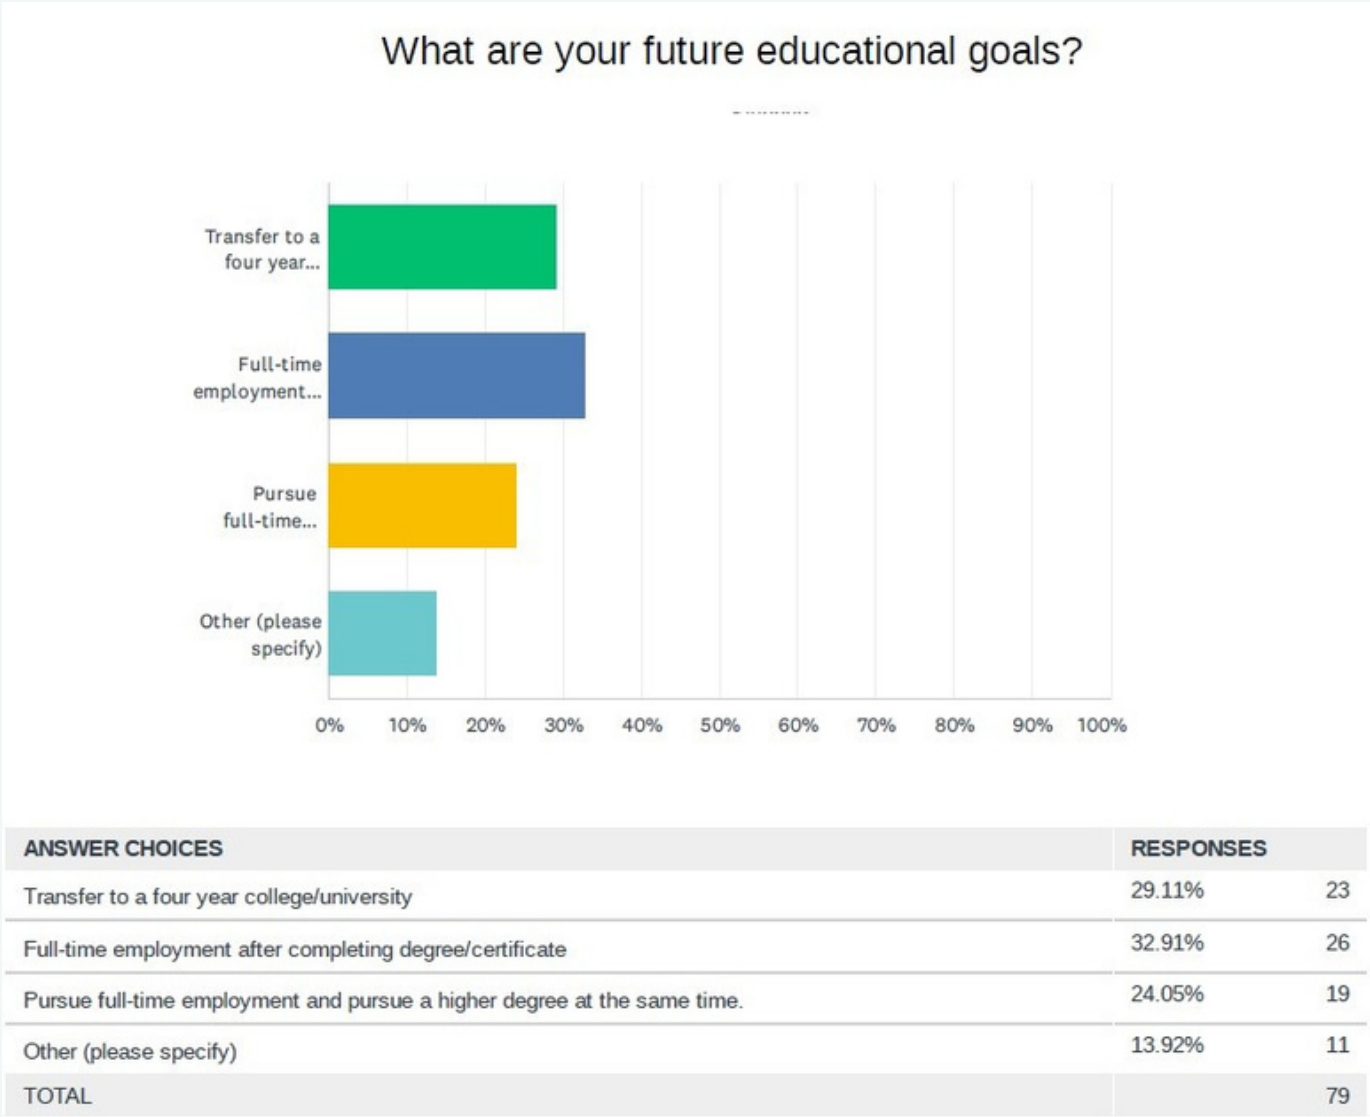

The chart shows that 50% of WCCS graduating students were employed, while the other 50% were unemployed.

### Chart 3

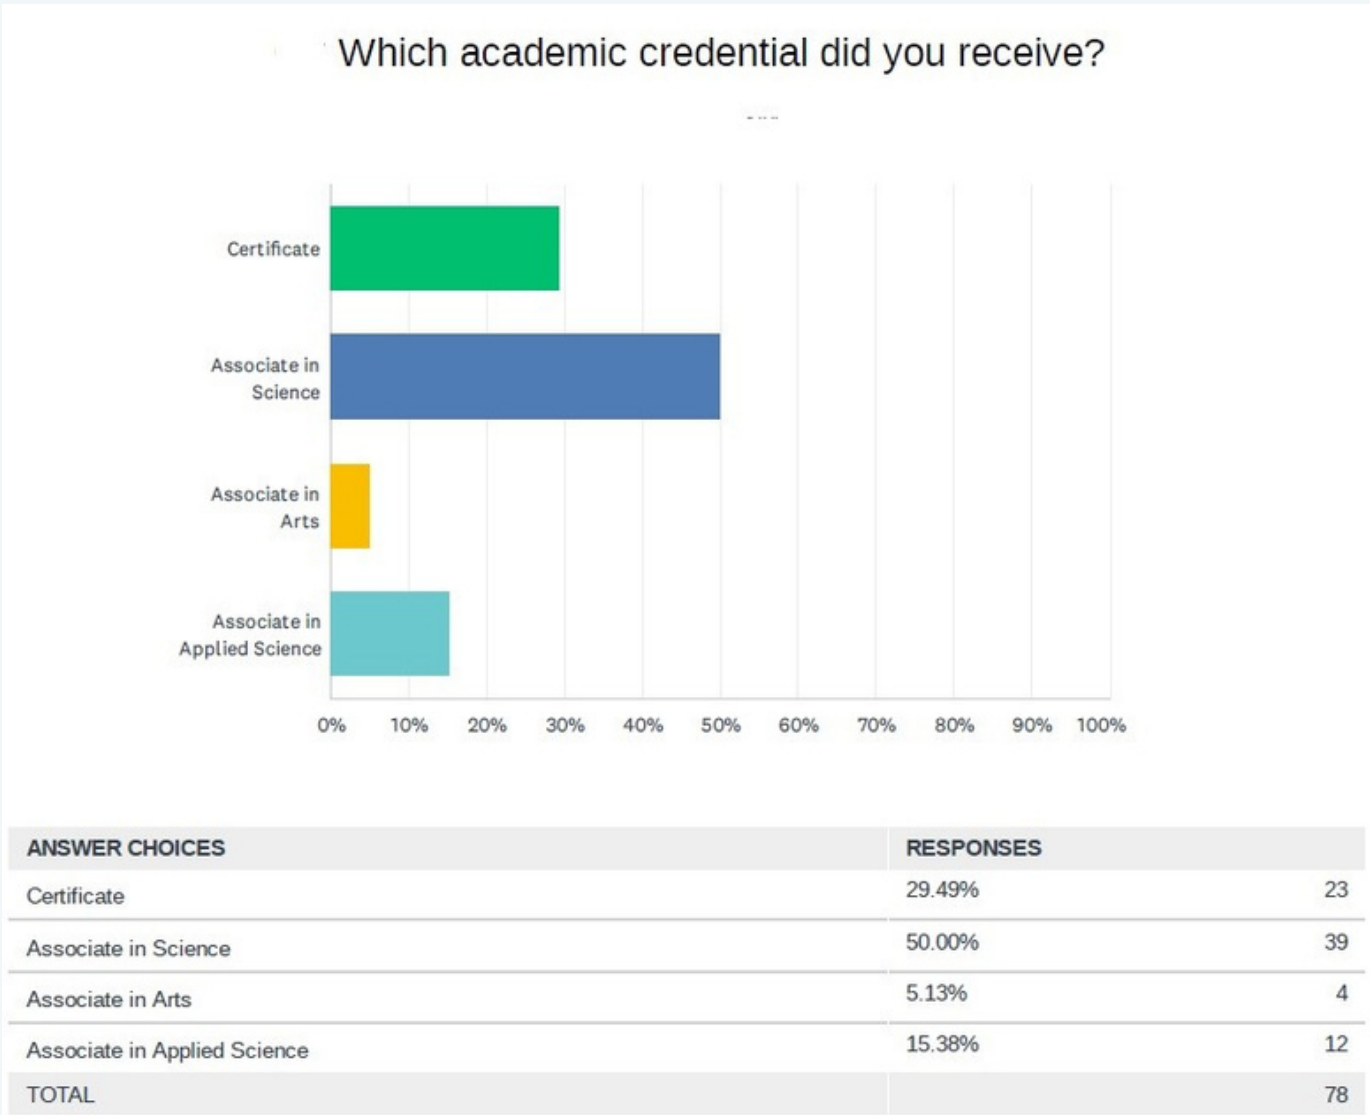

In Chart 4, it was found that 24.05% of the students wanted to pursue full-time employment while pursuing a higher degree, whereas 32.91% wanted to pursue full-time employment after completing their degree/certificate program. Additionally, 29.11% of the students expressed their desire to transfer to a four-year college/university in the future.

Chart 4

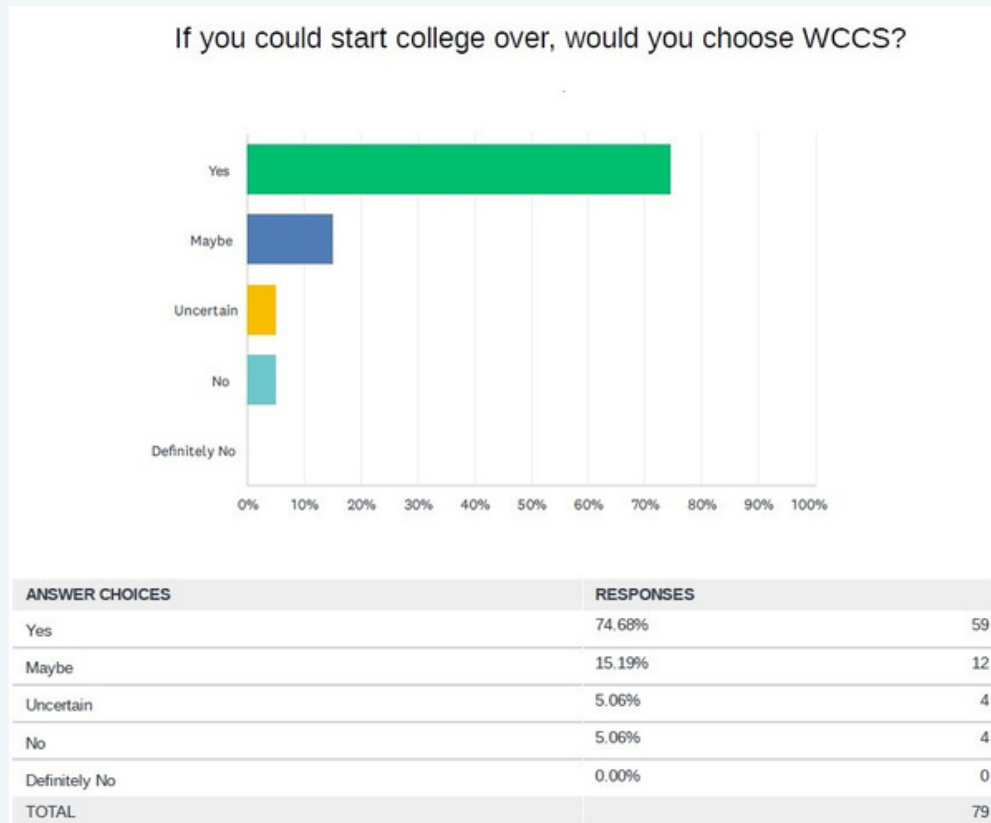

According to Chart 5, out of the graduating students, 50% specified that they would receive an associate in science degree. 15.38% indicated that they would be graduating with an associate degree in applied science. Meanwhile, 5.13% received an associate in arts degree, and 29.49% received a certificate.

Chart 5

According to Chart 6, 74.68% of students would choose Wallace Community College Selma if they could start college over. On the other hand, 10.12% of survey respondents were uncertain or wouldn't choose WCCS again. Meanwhile, Chart 7 shows that 98.73% of students found the quality of education at WCCS to be very adequate, with 53.16% rating it as excellent.

**Chart 6**

**Chart 7**

As part of a survey, a group of graduating students were asked to rate their satisfaction with various aspects of their college experience at WCCS. These aspects included academic services, lab/shop equipment and supplies, college services, facilities, registration, and the college in general.

According to the survey results presented in Table 1, 90.54% of students expressed high levels of satisfaction with the grading system, while 95.94% were satisfied with the testing system.
