Our Investment Strategy

Our Income Pool is managed with a time horizon of three or more years. Time horizons this short require different choices than most private investors have made for their personal situations. The goal is to achieve preservation of principal. The portfolio is guided by a detailed formal Investment Policy Statement (posted on our website). The target rate of return over rolling five year time periods for the Income Pool is 4.00%.

Asset Allocation Strategy

Income Pool Size:

\$2,770,766

Our Mission: To achieve positive change through the generosity of donors, now and for generations to come.

1. Mason Investment Advisory Services, Inc. (MIAS) was hired by the Community Foundation in January 2016. The performance start date for MIAS is January 31, 2016. Performance is displayed net of all investment management fees, reflects the reinvestment of dividends and is calculated using the time-weighted return method. As of 06/30/22, the advisory fee paid to Mason was 0.29% and the total expenses paid to the mutual funds and ETFs was approximately 0.26%. Prior to January 2016, Kaspick & Company were the investment consultants for the Foundation; historical returns provided by the Foundation.

2. 37/63 Domestic Stock Bond Mix derived from 37% of the Wilshire 5000 Total Market Index and 63% of the Barclays Capital Aggregate Index.

3. 37/63 Global Stock Bond Mix derived from 37% of the S&P Global BMI Index and 63% of the Barclays Global Aggregate Index

* Performance of both of the stock/bond mixes is presented net of the average annual ETF and index fund expense ratio prorated monthly. This was the average expense ratio of all 3,200 ETFs and Index Funds included in the Morningstar database as of 12/31/15, which was 0.73%.
