

# “I AM”

During the Summer of 2019 we will be looking at some of the greatest “I AM” statements in the Bible. We will start in Exodus 3:14 where Moses is having a conversation with God directly. Moses asked God “What do I tell them your name is if they ask? God replies “I am who I am.”

Some people look at the statement and think its not even an answer, redundant, confusing, or simply perfect. If you were honest with yourself what did you think the first time you read that passage in Scripture? As a young believer I thought it was confusing, but as a mature believer I now read it and see its simply perfect!

I want your children and youth to look at Scripture while at camp, study it during worship, be honest with you during church group time, and lastly enjoy His Word as they end each night with their camp counselors. I believe and know in my heart when we do this as a faith family we will grow stronger and deeper.

We won't stop there. We will look at “I AM” statements in the Old and New Testaments. We will look at some of the well known ones in the Book of John and go all the way to Revelation when Jesus tells us “I am coming back soon!” Lastly, I want us all young and old to expect God to speak as we prepare our hearts for SUMMER CAMP 2019!

Serving,

Dusty
