Water Distribution System Permit Application must be accompanied by completed Water Distribution System Permit Submittal Checklist and required documentation.

Note: By Signing this application, the developer understands and agrees to reimburse the City of Tuscaloosa all direct and indirect costs and expenses for the inspection and testing of the installation and function of the said waterlines by representatives of the City of Tuscaloosa. Inspection and testing fees shall be nonrefundable, pursuant to Section 16-181, as amended. The fee schedule for inspection and testing is noted below. The fee for inspection and testing will be required prior to issuance of the Water Distribution System Permit. Additional inspection and/or testing fees accrued during construction will need to be paid prior to permit closeout.

WATER DISTRIBUTION SYSTEM PERMIT - FEE SCHEDULE

INSPECTION FEE.....\$0.25 / LF (\$100 / minimum) OF INSTALLED CITY OF TUSCALOOSA WATER LINE

TESTING FEE.....\$125.00 / BacT Test (1 TEST PER PROJECT UNLESS ADDITIONAL REQUIRED BY OCE)

Note: By signing this application, the developer understands and agrees that the City of Tuscaloosa reserves the right to decline water system expansion, etc. should it determine that factors render the same not in the best interest of the City, pursuant to Section 16-172, as amended.

I, the developer, certify that the foregoing request for water system expansion is true and correct to the best of my knowledge, information and belief. I do further certify that the foregoing request is made with full understanding and agreement to be subject to an in compliance with all applicable laws and ordinances of the City of Tuscaloosa, including but not limited to Ordinance No 2808, 5188 and No. 6582 as they amend Chapter 16 of the Code of Tuscaloosa.
